Dear Dr. Proodian:

Thank you so much for presenting your health seminar at our company kick-off meeting last week. You did a fantastic job and we received lots of positive feedback from our 130 employees! As a follow-up, I would like to schedule you to come into the Freehold office in about a month to do a lunchtime seminar on Women's Health. I will be including all of the women in the company. Please let me know your availability.

Thanks again! I'll speak to you soon.

Regards,

Darlene Rasmussen
Human Resources Manager
