Dear Dr. Proodian:

On behalf of Maureen Baniias, Andrea Aikins, the staff of Harbor School and myself, I would like to thank you for your informative presentation given to us on September 5, 2008. You did a great job keeping everyone's interest, which was not easy considering it was a Friday afternoon during the first week of school.

The emphasis of your program on the importance of developing and maintaining a healthy lifestyle is important for all of us to strive for. We also need to keep this as an emphasis for our students and their families.

Thank you again for your time, expertise and effort in presenting this program to the Harbor School staff.

Sincerely,

Anne Guteski, Principal
