

January 27, 2005

Gordon Gacek
Director of Community Relations
Natural Healthcare Center of West End
10 West End Court
Long Branch, NJ 07740

Dear Gordon:

I just wanted to thank you and Dr. Proodian for coming in on January 24, 2005 and presenting ***Fatigue – Solutions for an Exhausted Society***. A number of employees came to me after the class to tell me how informative and enjoyable the class was. The information presented was both useful and practical. I also wanted to mention that I, and all of the attendees, was extremely impressed with Dr. Proodian's presentation. He made it fun and interesting.

Again, thank you for giving us your time and I look forward to future classes presented by the Natural Healthcare Center of West End.

Sincerely,

Jessica M. Laino
Sr. Human Resources Representative
